Free Caculator Download For Mac

Lastly, you can say goodbye to losing track of where you are in a calculation - I show you exactly what's happening at all times, in clear, elegant type.. If you do make a mistake, use backspace to quickly correct it, instead of starting over Try me today and finally put that desktop calculator to rest! This app is ad-funded.. An ad-free version, named 'Calculator!', is now available by popular demand - enjoy! I'm Calculator Free - the perfect calculator for Windows 8.. Even better, my Live Tile updates constantly, so you can always see your last result at a glance, right from your Start Screen.. Thank you for making this the #1 Windows calculator! We're honored to have your support.. I'm easy to use and artfully designed to do things better than your desktop calculator ever did.. I always remember what you're working on, so if you need to quit and go do something else, I'll have it all waiting for you when you come back.. Snap me, turn me, or let me fill the whole screen with four beautiful nature themes.. For an ad-free experience, download the 'Calculator!' app

I love saving you time and effort I easily Copy and Paste values to and from other apps.. I'm attractive and effective and I make great use of your Windows 8 display If you feel like a change of scene, just tap one of the color theme buttons at the top of the screen.
